House of Representatives

Dear Representative Visclosky:

I am writing to urge you to voice your opposition to AT&T's proposed takeover of T-Mobile.

As a proud resident, I believe this acquisition will have a negative effect on innovation in the wireless industry, decrease choices available to consumers and eliminate jobs.

If this takeover is allowed to occur, AT&T and Verizon will control nearly 80 percent of the wireless industry revenues. Furthermore, eliminating T-Mobile would remove one of the country's leading value-oriented nationwide carriers. It is rigorous competition, not a marketplace dominated by a duopoly, that drives companies to use their technological expertise to improve and advance their service.

The AT&T's takeover of T-Mobile must be rejected to continue the level of wireless competition that has brought countless benefits and opportunities

to American businesses and families.

Sincerely,

Denise Cook
